

Student Showcase Contract and Expectations

The EHS Dance Student Showcase is an opportunity that is provided for students who are in the EHS Dance Department and Dance Club. It is formatted within the EHS Dance Club – the club supports the feedback process. This is not a required activity but is an extracurricular activity. The showcase is also an opportunity to receive NHS points.

All dancers involved in the showcase are required to attend all showings. Student Showcase participants are required to show/present their dance in a dance club meeting or to their advisor or a combination of both at least 3 times throughout the year. ALL students involved in the project are required to participate in the mandatory 3 showings. If students fail to meet these requirements they will not be allowed to perform in the student showcase.

- Students must pay their \$1 dance club dues in order to perform/participate in the student showcase.

All performers must attend at least 80% of their rehearsals. The choreographer is required to keep an attendance record.

All choreographers and performers are required to attend all lighting, technical and dress rehearsals. These rehearsals are typically scheduled after school. Only extreme emergencies are excused.

Students will respect each other, the dance studios and space. Students must adhere to EHS Dance Rules.

Students need to follow necessary guidelines for rehearsal scheduling and reserving space which includes notifying a dance teacher at least one week in advance before reserving rehearsal space.

Students must adhere to their advisor's expectations. Advisors are available for supervision during after school rehearsals. Students can request an advisor's opinion/feedback.

All students are required to organize transportation to/from rehearsals. Please no loitering unsupervised on campus after rehearsal.

All performers/dancers will participate in an adjudication process where the advisors will have final decision in whether the work will be performed in the showcase.

Decisions will be made based on the following criteria:

1. Cooperation – student followed the timeline and responsibilities that are presented to them at the beginning of the process
